

# HOW YOUR CHILD APPLIES AND GETS PAID

## 2014/15

The quickest and easiest way to apply for funding is online at **[www.gov.uk/studentfinance](http://www.gov.uk/studentfinance)**. Your child should apply as early as possible; they don't need to have a confirmed place at university or college.

If your child is applying for financial support that depends on your household income, you'll also need to register and complete a part of the application. You can also do this at **[www.gov.uk/studentfinance](http://www.gov.uk/studentfinance)**.

We'll confirm the financial information you've given us with HMRC and may contact you to send us evidence or further information to support what you've told us.

Once the completed application is submitted, along with any evidence we need, we'll assess how much your child can get, sending them a Student Finance Entitlement letter and a declaration to sign, and then send back to us.

Your child signs the declaration and sends it back to us.

They take the Student Finance Entitlement letter to their university or college when they enrol.

Their university or college tell us they've enrolled.

We'll make the first of three Maintenance Grant (if they get any) and Loan payments to your child's bank account and pay the Tuition Fee Loan direct to their university or college.

Student Finance England is a service provided by the Student Loans Company. We provide financial support on behalf of the UK Government to students from England entering higher education in the UK.
