

## Pre-Apprenticeship

### What is the course about?

The Pre Apprenticeship Programme is designed to provide focused and specialist work-related qualifications in the following sectors:

- Animal Care
- Business Administration
- Beauty Therapy
  - Customer Service
  - Child Care
  - Construction
  - Hairdressing
- Hospitality & Catering
- Health & Social Care
  - Motor Vehicle
  - Leisure
  - Team Leading

### What type of study skills are used in this course?

The programme includes learning skills that students need to enter employment. There will also be opportunities for learners to develop a range of techniques, personal qualities and attitudes essential for successful performance in working life.

# Pre-Apprenticeship

## How will I be assessed?

All units are assessed by your tutor and internally verified by another tutor in school.

A sample will be requested by the external verifier for assessment and to check standardisation of marking.

The overall grading will depend on the programme being followed and some may require you to take an external assessment.

## What special opportunities are there on this course?

Students will be based with both College and Apprenticeship Providers, who have first-hand knowledge of what employers want.

The programme will also be supported by long periods of work experience over the year to allow students to put the skills they have learned into practice and to perfect their employability profile.

## What could I go on to study after this course?

Students will be encouraged to apply for an Apprenticeship in their chosen vocational area or to look at next level progression pathways at College.

## What career might this course lead to?

This course allows for progression into any of the occupational areas studied within the programme or their allied professions.
